

In the journey of exploring websites, clicking on the 'links' provided by our own choral organization, ACCC, is a good start.

As you overview any site, make sure to explore and follow the links on the front page of these websites until all options are exhausted. I would qualify this initial initiative as a general introduction to resources. Take time to explore sites of individual choirs as they can provide you with ideas for programming, information program notes and sometimes, audio excerpts of repertoire for example: musica intima, Musica Orbium, San Francisco Bach Choir. I came across the blog of Richard Sparks which provided excellent info about how to manage the orchestra as a choral conductor.

Amorcer l'exploration de sites portant sur le chant choral en commençant par consulter les sites proposés par l'ACCC est un bon départ.

Assurez-vous de cliquer sur tous les onglets offerts sur les sites pour obtenir le maximum d'information. Cette initiative présentée aujourd'hui n'est qu'une introduction aux ressources disponible sur le net. Prenez le temps de visiter le site individuel des choeurs. Ceux-ci procurent parfois de précieuses informations sur le répertoire de concert, des notes de programmes et même quelquefois des extraits audio. Par exemple, le chœur Musica Orbium, Musica Intima, San Francisco Bach Choir. J'ai aussi trouvé très instructif la lecture du blog du chef Richard Sparks et en particulier ses commentaires sur sa démarche pour comprendre la direction d'orchestre en tant que chef de chœur.

Free scores:

[The Choral Public Domain Library](#)

CPDL is one of the world's largest free sheet **music** sites. A huge on-line library of downloadable choral music.

ACDA Choral Radio Now Live!

ACDA Radio is now available from the Home Page of the American Choral Directors Association website. ACDA Radio is the result of an agreement reached between the American Choral Directors Association and Naxos Records, one of the largest recording labels in classical and formal art music. Naxos provides a subscription service for computer listening of the entire Naxos catalog, and as a result of the ACDA/Naxos agreement, Naxos is now providing free streaming of their choral-focused channels for all ACDA website users.
